

YEAR 9 CAREERS SCHEME OF WORK 2019-2020

This will be the first year that year 9 students have not had timetabled PSHE lessons; this will be countered by a designated drop-down PSHE day which will cover the essential elements for Careers education in year 9.

Student entitlement statements

Form Tutors will deliver the Student entitlement statement during the first term in year 9. The statement details Careers learning information and objectives for the current academic year and should be used as working document and time given to update regularly during tutor time. Some learning objectives will be met within curriculum lessons, others during the drop down PSHE day on Friday 10th January 2020.

Tutors should ask that students share the document with their parents to make them aware of the continued Careers Education programme at KSHS.

More information can be found on the school website.

Year 9 PSHE DAY - Friday 10th January 2020

Will include;

New Kudos

New Kudos is a subscribed Web based training programme to assist students at various stages of their Education; starting with GCSE choices it will help students explore possible career directions and assist with learning about their future options.

Employer encounters

All students will have designated interactive sessions with a qualified Vet, and a Paramedic to find out more about the professions first hand.

Students will also have a guided tour of an ambulance for the full 'medic' experience.

Labour Market Information

Students will learn about the labour market and how it may affect their Career choices today.

A presentation by Lincoln College.

'Take your Daughter to Work' Day 6th January 2020

All students in years 7-11 have been invited to participate in the above initiative.

Letters were sent to all parents/guardians during the Autumn term with full details.
