GCSE Results Edition
August 2018

CONGRATULATIONS TO THE KSHS GCSE CLASS OF 2018!

Students and staff at Kesteven and Sleaford High School are celebrating another year of outstanding GCSE results.

I am absolutely delighted that students' hard work paid off for them. Throughout the year students felt like guinea pigs under revised government systems. Students had to prepare for examinations where very few practice papers were available whilst teachers had to assess students' work with very limited advice from the Department of Education on what graded work looked like in practice. Teachers and mentors worked really hard to support students through a time of change: building their confidence was key.

These are excellent results and students across the year group can be extremely proud of themselves. Their hard work means they are really well placed for their A level studies.

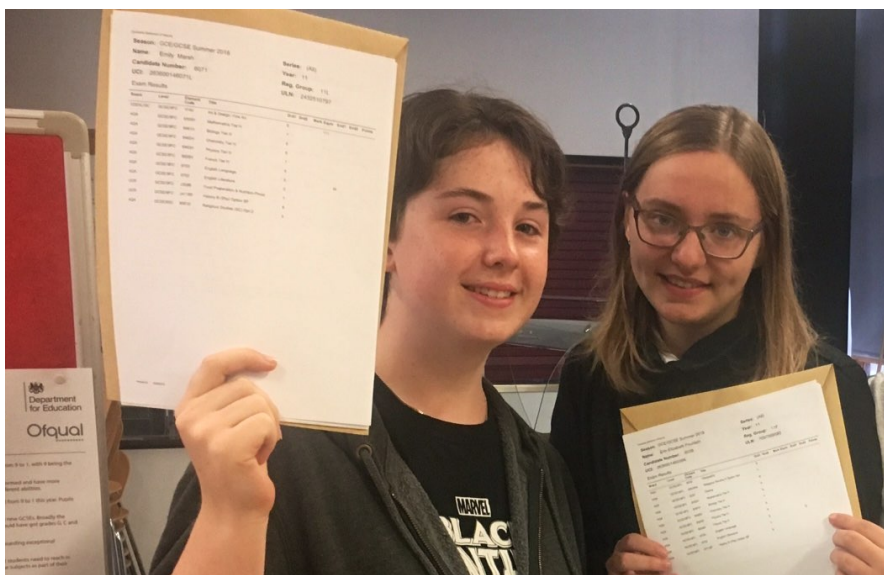

I would like to thank staff and parents too, for their hard work and support in helping our students achieve such an outstanding set of results whilst at the same time becoming such well-rounded young people.

Mrs J Smith
Head of School

GCSE Students celebrating their success

Particular congratulations go to the following students who each achieved at least 9 A*/A/9/8/7 grades each.

Lucy FREEMAN

Rhianna GASSON

Olivia BUCKINGHAM-WOODHOUSE

Ella HANSFORD

Ellie GOODWIN

Ellie MINETT

Mollie FAIRHEAD

Madeleine COY

Ailis RULE

Yasmin BETTLES

Hannah STUART

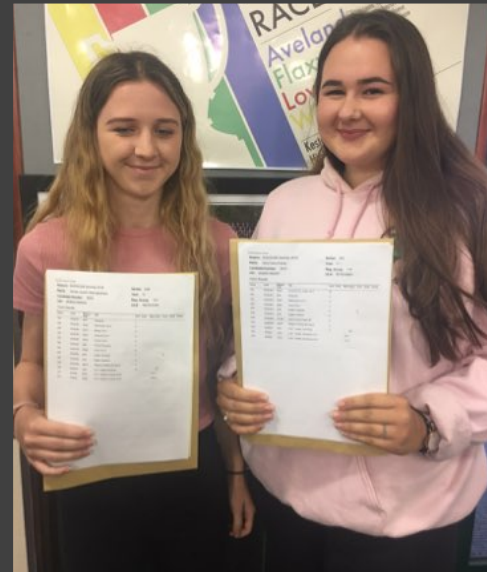

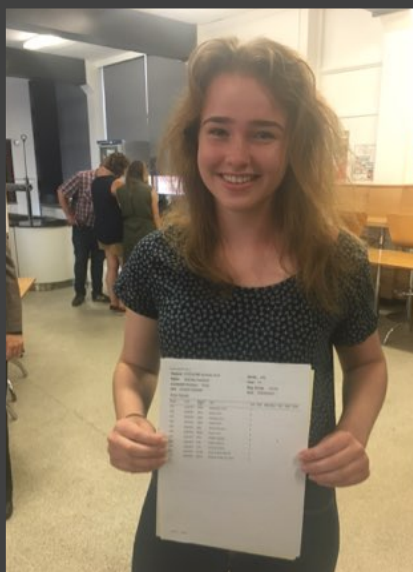

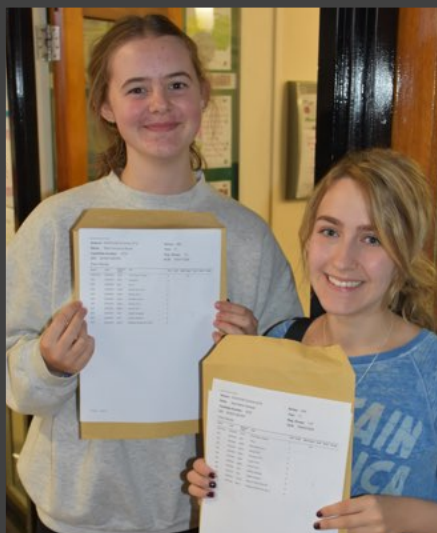

Erin FOUNTAIN

Natasha ERRINGTON

Emily WILSON

Sophie WETHERALL

Chloe WILLIAMS

Congratulations to Everyone!

Students this year, studied the revised, tougher GCSE syllabuses. Many sat over 30 different examination papers during May and June as well as making some fantastic plans for a summer full of international travel, D of E expeditions, National Citizens Service (NCS) programmes and part time jobs.

See more in the local press about the GCSE success of Robert Carre Trust students. Including further details of individuals' success and destinations and a gallery of photos
