

Biology Combined Science

Summer Support

Year 10

Are you on track with your recent studies? Look through this checklist of key topics and see if you have an understanding of the key ideas. If you discover a gap in your knowledge use the highlighted tasks from the recently set work to fill in any gaps. Highlight any areas you need to work on.

I know the structure of different types of cells and how substances are transported. Listen to the B1 podcast and make notes: <https://www.kerboodle.com/app/courses/20690/modules/Resources/content/257057>

✓ / ✗

I know the food tests, required practical 4. Complete the interactive activity on kerboodle: <https://www.kerboodle.com/app/courses/20690/modules/Resources/content/252064>

I completed the assessment on B1 Cell structure and transport on Kerboodle and scored over 70%

I still need to As I didn't complete.....

Challenge Time

Want to get ahead of the game and prepare for next term?

- Our first topic back is the reproduction. See if you can find out how different genetic diseases are inherited.
- You could also research the reproduction of different organisms like fungi and malaria parasites.
